Artist of the Month

Leah L.

The piece of art seen here, *Ocean City*, was created by Leah L. She cites her inspiration for this piece as being at the beach, the ocean waves, and the feeling of being. Leah's favorite thing about being an Arundel Lodge Open Eye Gallery artist is the people. She enjoys creating abstract art and is inspired by rock and roll music. Leah wants people to take her art seriously.

Keep up with all of our artist's new work over on the Open Eye Gallery Instagram!

Supportive Living Program

The **Supportive Living Program** is a Psychiatric Rehabilitation Program (PRP) which services individuals in Anne Arundel County experiencing severe behavioral health disorders. Supportive Living has staff that meet individuals out in a community or home environment where they feel most comfortable. Supportive Living provides symptom management and case management tailored to meet the individual’s needs, as well as goal work such as physical health, budgeting, daily living skills, social skills, vocational assistance, and coping strategies. Persons served receive at least 6 visits per month from their assigned Rehabilitation Counselor or through Day Program groups and activities.

**Who we serve in Supportive Living:**
Individuals enrolled in Arundel Lodge’s Psychiatric Rehabilitation Program, who live in the community with their families or independently and want support to continue successfully living an independent lifestyle.

**Services provided:**
- Individually tailored symptom management
- Case management
- Goal work such as physical health, budgeting, daily living skills, social skills, vocational assistance, and coping strategies.
- At least 6 visits and/or services per month from their assigned Rehabilitation Counselor or through Day Program groups and activities.
- Many of our persons served choose an integrated approach to their recovery by incorporating services from the Day Program in addition to home and community visits from their Rehabilitation Counselor.
- Participants are welcome and encouraged to attend Day Program as often as they like.

*Pictured below: Assistant Program Manager Lauren Lynch and Joseph Turner, who has been working at Arundel Lodge and a part of Supportive Living for over 20 years. Joseph states, “Supportive Living Program motivates me to get up be productive in the community.”*
February is Black History Month

As we recognize February as Black History Month, Arundel Lodge is committed to a diverse, inclusive, and equitable workplace that provides culturally and linguistically competent services to persons of all races and ethnicities.

Arundel Lodge is committed to fully implementing the National Standards for Culturally and Linguistically Appropriate Services in Health and Health Care developed by the Department of Health and Human Services (HHS). We are actively and intentionally setting goals to reduce racial and ethnic disparities in access and outcomes for the behavioral health services that we provide.
