Artist of the Month

Angie

Arundel Lodge artist, Angie, can be seen here with one of her recent pieces. Her favorite part of being an ALL artist is having the ability to work on and design her own art pieces. Angie's favorite type of art to create is beading, textile art, and pieces that include fabric, yarn, and spinning. She finds inspiration in various colors and textures and really likes variety. Angie wants people to know that she always wants to be inspired with new projects and materials and that she loves being challenged.

Keep up with all of our artist's new work over on the Open Eye Gallery Instagram!

Featured Program

Healthy Transitions

Healthy Transitions, formally known as Transitional Age Youth (TAY), is one of the many programs at ALI that offers mental health support intertwined with supported education, supported employment, and assistance with learning life skills. Healthy Transitions focuses on the age range of 16-25 and assists these individuals with their transition from young adulthood into adulthood. The Healthy Transitions team is encompassed with two transition facilitators who help with educational goals and life skills such as budgeting and saving, an employment specialist who assists with finding and maintaining competitive employment within the community, an intake coordinator who completes intake assessments and treatment plans, an outreach and education specialist who educates the community on Healthy Transitions, and lastly the program director who makes sure that the mission and vision of Arundel Lodge are being applied in all facets within the program. The young adults also participate in monthly groups tailored toward mental health and team-building skills such as candle making, painting, and pottery. To be eligible for Healthy Transitions, the young adult must be in the specified age range, must be an Anne Arundel County resident, must have an educational and employment goal, and must be in or willing to engage in therapy. For more information about Healthy Transitions, please get in touch with the Outreach and Education Specialist at ktruesdale@arundellodge.org or the Program Director at tpatterson@arundellodge.org.
