Open Eye Gallery

Equinox Art Show

After being unexpectedly postponed by a surprise tropical storm, Arundel Lodge hosted the opening reception for the *Equinox* art show on September 30th. Over 35 Arundel Lodge artists were featured and sold a combined 25 pieces of their artwork. Artwork sold through the show and Open Eye Gallery directly benefits artists by offering an income opportunity and plentiful art materials. With all sold works, artists keep 80% of the proceeds to supplement their income, while 20% goes back into the program to replenish supplies. The show will remain up through December 31st. It's a great way to do some holiday shopping!

Recent Events

Day Program Enjoys a Day on the Water

Clients from our Day Program had the opportunity to participate in a sailing excursion with CRAB (Chesapeake Region Accessible Boating), a local non-profit that strives to provide thrill, freedom, and the therapeutic value of sailing to anyone with a disability, recovering veterans, and youth from underserved communities. Our clients and staff had a beautiful day out on the water!

Annual Gala 2023

A Night of Painting the Town

Arundel Lodge hosted their annual gala on Saturday, October 21st, at the beautiful Byzantium Event Center. Donors, sponsors, and guests gathered to celebrate and raised almost \$70,000 by the end of the evening to help Arundel Lodge serve the most vulnerable members of the community. The funds will allow ALI to continue providing life-saving treatment to all community members who are working to overcome mental health and substance use disorders. Without this help, many members of the community could not otherwise afford these critical services.
